## Event Safety

Everyone organising or running an event of any kind has a legal duty of care to their employees, contractors and members of the public. We require a named person to take responsibility for this who will be the point of contact during the planning and execution of the event. Ideally, the licence application should be made by this person. See **Section 3 for details on health and safety**.

## 2a. Applying for a licence

All events need a licence to use our parks: this is so we can help you ensure that the event is organised safely and that it doesn't clash with anything else, either another event or management work that may be going on in the park at the same time. A licence lists the conditions that the organisers need to abide by to protect the participants of the event, the parks themselves and other park users.

To hold an event in the park you have to apply for a licence from The Parks Trust. The licence sets out the terms and conditions on which The Parks Trust is willing to allow you use of the parkland. There is usually a fee applicable.

### Notice Period

For large events we request at least 12 weeks' notice. However, for larger events we would advise you contact us in advance of that to secure your venue and leave enough time for all the relevant licence and health and safety information to be processed, ideally 6 to 12 months' notice.

### How to apply for a licence and steps to holding a small event:

1. Choose a location and event date, then contact The Parks Trust Events Team on 01908 233600 for availability and advice. If your application is suitable the team will send you an application form by email.
2. Return your completed licence application form to the Events Team by email to [events@theparkstrust.com](mailto:events@theparkstrust.com).
3. If your event is not feasible you will be advised of this straight away. Filling in an application form does not guarantee you a licence. The Parks Trust reserves the right to refuse any application without explanation.
4. If your application is successful, we will then make sure the park is available at the requested date, and suitable for your proposed event.

5. You may be contacted at this point to discuss your event ideas. Likewise, please contact us if you have any queries.

6. We will then draw up the terms of your licence.

7. You will be sent an electronic copy of the licence to sign and send back to us, with your licence fee (if applicable), land bond (if applicable), certificate of public liability insurance and risk assessment.

An example risk assessment can be found at: [www.theparkstrust.com/get-involved/licenced-activities/health-safety-for-outdoor-activities/](http://www.theparkstrust.com/get-involved/licenced-activities/health-safety-for-outdoor-activities/) and information regarding health and safety can be found on page 5.

8. Depending on your event you may be asked for further documentation, which will be clearly stated with your licence.

9. Depending on your event you may also need to apply for a Temporary Event Notice or Premises Licence from Milton Keynes Council. You will need to apply for an entertainment/alcohol licence if you have any of the following:

- The sale by retail or supply of alcohol
- The provision of regulated entertainment
- The provision of late night refreshment

See [www.miltonkeynes.gov.uk/licensing](http://www.miltonkeynes.gov.uk/licensing) for details. We can advise you if you are unsure.

10. Organise your event e.g. book entertainment, refreshments, logistics and stewarding. If you are having catering units, they will need to produce copies of their public liability insurance, risk assessment, food hygiene certification and fire retardant certification for any temporary structures being used.

11. During your event ensure health and safety practices are being adhered to. Ensure you have all licences and documentation present as you may be asked to produce at any time.

12. After your event ensure there is a plan in place for clearing away and leaving the park in the good condition you found it in.

## 2b. Fees

In some instances, licences for small events are low cost. However, a land bond is applied to most events. This is a returnable deposit to cover the costs of any damage that may be caused as a result of the event. The bond is usually returned in full after the event but, occasionally, it may be necessary to retain all or part of the bond to cover repairs. If this happens a full explanation of the costs which are being recovered will be supplied to you.

Note this rate card is for events in Milton Keynes parks excluding Willen Lake which has its own hire rates, available upon request from
